

## Our stakeholders

We believe that to be a responsible company and secure our long-term success, MPSCM Limited (MPSCM) must build mutually beneficial relationships with key stakeholders and take account of what is important to them. This is best achieved through proactive and effective engagement.

By understanding our stakeholders' interests, the Directors have considered the potential impact of our long-term decisions on each stakeholder group and have regard for their needs when setting the Company's strategy and making decisions. We set out in the following table our key stakeholder groups, their material interests and how we have engaged with them throughout the year:
