This document contains a summary of the key features and limitations of occurrence-based discretionary undergraduate student membership with Medical / Dental Protection. Your membership documents will detail the benefits available to you, and you should check these for any endorsements that change the scope of protection provided.

## Why do I need retroactive indemnity?

Whilst in training,

- state indemnity through the Ministry of Health Holdings Pte Ltd (MOHH) in Singapore applies to medical undergraduate students at university who are providing care or treatment to patients during their placements in public hospitals. Similarly, undergraduates benefit from MOHH indemnity during placements with GP surgeries.
- undergraduate dental students in Singapore are typically indemnified by the National University of Singapore (NUS) Faculty of Dentistry for activities within the faculty and during elective / exchange programs. Additionally, undergraduates may be indemnified under the professional indemnity policy of their respective universities while they are under supervision for any clinical procedures in hospitals and dental clinics.

Membership of a medical / dental defence organisation can provide helpful wraparound support for medicolegal / dentolegal issues that fall outside of the scope of these schemes, such as claims arising from Good Samaritan acts.

Once you qualify, the Singapore Medical Council (SMC) and the Singapore Dental Council (SDC) strongly encourage all registered medical practitioners and dental professionals to have appropriate protection in place and is often required by hospitals and other healthcare providers for doctors and dentists seeking practicing privileges. This is to ensure patients will be adequately compensated if they suffer harm due to clinical negligence when seeking legal recourse. In turn, medical / dental indemnity or insurance protects you as a registered professional.

In addition to having claims indemnity in place, you should also consider additional protection that provides the following:

- Personal regulatory protection.
- Medicolegal / Dentolegal support and advice.

## What does Medical / Dental Protection offer?

Medical / Dental Protection offers discretionary indemnity and not insurance. Medical / Dental Protection student membership provides you with occurrence-based indemnity for medicolegal / dentolegal incidents arising from your clinical practice.

Occurrence-based indemnity means you can ask for advice and support with a claim and other matters relating to your clinical practice that arise during your membership, regardless of when the claim is notified or whether you are still a member.

This membership type is only available to undergraduate medical / dental students and not individual registered healthcare / dental practitioners or dental auxiliaries. For the full range of membership types we offer, please refer to the relevant Statement of Benefits available online or on request.

## What does 'discretionary' indemnity mean for you?

We are dedicated to treating members fairly and placing them at the heart of everything we do.

All the benefits of membership are discretionary, as set out in our Memorandum and Articles of Association (available on request and at [medicalprotection.org/singapore](http://medicalprotection.org/singapore) or [dentalprotection.org/singapore](http://dentalprotection.org/singapore)). Among these benefits is the right to ask for assistance with a range of medicolegal / dentolegal issues. As a mutual society we are owned by our members, so our starting point is always to see how we can help.

When determining whether or not to provide a member with assistance, or the scope of any assistance that can be offered, we ensure that the circumstances of the member's case are considered on an individual basis by appropriately qualified advisers, who are trained in medicolegal / dentolegal matters. These advisers will exercise their good judgment, on the basis of their experience and knowledge of modern practice, and in line with our established procedures to ensure due process is followed, to decide whether or not we should assist in each particular circumstance. We will never exercise our discretion in an arbitrary or irrational way.

## What does Medical / Dental Protection indemnity provide?

As an undergraduate student, you won't be expected to treat patients or make independent decisions about patient care however, problems can arise at any time during your course, Elective or clinical placement. Having appropriate indemnity in place with a defence organisation means you can request medicolegal / dentolegal advice and representation should you need it.

Membership benefits that apply to you are summarised below:

### **Indemnity for clinical negligence arising from:**

- ✓ Good Samaritan acts (worldwide)
- ✓ Student Elective (worldwide)
- ✓ Voluntary, humanitarian or charity work (on request)

### **Representation for:**

- ✓ Criminal investigations arising from clinical practice
- ✓ Coroners' inquests

### **Support with:**

- ✓ Medicolegal / Dentolegal advice (emergency helpline available 24/7)
- ✓ Complaints handling
- ✓ Unwanted media attention
- ✓ Access to confidential mental health crisis support

## What is not indemnified?

We carefully consider each request for assistance on a discretionary basis, but there are some circumstances in which we are unlikely to help. The following list, while not exhaustive, are some examples of matters that we would be unlikely to assist with:

- ✗ Circumstances or claims arising from any malpractice incident, negligent act, error, omission, breach or loss that occurred before the membership start date.
- ✗ Assistance with claims relating to clinical work indemnified by the University / Hospital / GP surgeries / Outreach setting as part of the course.
- ✗ Matters related to deliberate, reckless or criminal acts.
- ✗ Matters relating to personal conduct (for example, plagiarism, failure to comply with course requirements, criminal matters arising from the clinical setting).
- ✗ Assistance with research for academic projects.
- ✗ Claims or vicarious liabilities that fall under the provisions of MOHH indemnity or equivalent.
- ✗ Assistance with criminal investigations or proceedings arising from non-professional practice for example, drink-driving offences, possession of drugs or assault.
- ✗ Assistance with allegations of fraud.
- ✗ Payment of fines or financial penalties.
- ✗ Claims brought outside the country of membership (unless they arise from Good Samaritan acts and Electives which are protected worldwide or work elsewhere that has been declared and agreed by us).
- ✗ Matters arising from intentionally performing, supporting or encouraging female genital mutilation / female circumcision.
- ✗ Matters arising from the use of fully autonomous\* Artificial Intelligence (AI) systems, tools or robotics.
- ✗ Matters arising from use of robotics where the clinician, robotic device and patient are not co-located.
- ✗ Matters that fall outside of healthcare indemnity, such as claims relating to property, including its damage or destruction or claims arising from cyber-attacks and / or cybersecurity breaches.
- ✗ Claims arising from your vicarious liability.
- ✗ Matters of commercial interest such as partnership, employment or agency disputes (whether contractual or otherwise), or compensation claims.
- ✗ Claims brought under the Personal Data Protection Commission (PDPC) Singapore. We may use our discretion to assist where the claim arises from a clinical consultation or treatment.
- ✗ Claims relating to making, distributing or selling any product or the use of any unsuitable or defective product (Product Liability).
- ✗ Matters arising from any work undertaken outside of student training.
- ✗ Other matters which may not be in the wider interests of our members, for example, damages awarded in a claim for defamation against you or personal costs arising from:
  - your attendance at court, hearings or meetings with us about a case; and
  - a failure to meet an academic standard; and
  - application for provisional SMC / SDC registration (beyond generic advice).

\* Fully autonomous means that a clinician does not maintain oversight or final decision-making authority. AI must support but not replace clinical professional judgement.

## Are there any financial limitations to my membership?

There are no financial limits on occurrence-based indemnity provided to individual medical / dental undergraduates and no excesses apply. When we agree to take on a case, we can take care of all your legal costs as well as any payments for damages or costs ordered against you or agreed in the settlement of the claim.

## Where am I indemnified?

Singapore Medical / Dental Protection membership is available to undergraduate medical / dental students practising in Singapore. It also provides protection for Good Samaritan acts worldwide and Elective protection worldwide.

## What are my responsibilities as a student member?

All the benefits of membership are discretionary and subject to you complying with the Memorandum and Articles of Association. You must:

- ! Take reasonable steps to prevent accident or injury.
- ! Provide true, accurate and complete information when taking out, renewing or making changes to your membership to ensure that the protection provided is appropriate for the work you undertake.
- ! Let us (if you applied directly) or the Singapore Medical Association (SMA) or the Singapore Dental Association (SDA) know as soon as reasonably possible if your contact details change.
- ! Notify us (if you applied directly) or the SMA / SDA if your graduation date changes.

In the event of a case, complaint or claim you must:

- ! Notify us at the earliest opportunity of any matter where assistance may be required or that may lead to a claim.
- ! Comply with our reasonable requirements for case management (for example, attending conferences or meetings to provide information).
- ! Be honest and truthful in all dealings and behave in a reasonable manner towards our staff.
- ! Accept our choice of legal representation.
- ! Accept our advice and conduct of cases in all material matters (including case strategy and settlement).
- ! Co-operate fully with us and our representatives.

- ! Provide full and accurate information relevant to the case without delay and act in good faith at all times.
- ! Not admit legal liability for a claim or settle a claim without our agreement. This does not restrict you from complying with your professional obligations relating to open disclosure and being transparent in the event of an adverse incident, or from providing an appropriate apology.

Any failure to disclose full and accurate details could result in us rejecting requests for assistance, declining or withdrawal of membership benefits and / or the cancellation or non-renewal of your membership.

## When and how do I pay?

Undergraduate student membership is offered by Medical / Dental Protection at no charge.

## When does my membership start and end?

Your membership starts on the date shown on your certificate of membership. We will send you notice when your membership is approaching renewal. During your membership, you should let us (if you applied directly) or the SMA / SDA know of any changes to the information we hold about you.

## How do I cancel my membership?

- Medical / Dental Protection membership is on an annual basis (unless stated otherwise).
- You may cancel your membership with us (if you applied directly) or the SMA / SDA by phone or in writing (email or post) within 30 days of the start of your current membership period.
- You can choose not to renew your membership by providing notice to us (if you applied directly) or the SMA / SDA at any time before the end of your current membership period.
